RUBBER LEADING HOSE.

The above brands of Hose we fully guarantee, they are made to order for us, and we guarantee them equal to any Hose made.

Our Hose is made of superior stock, and is second to none in the market. It has the best para friction, and its lining is without equal in Garden Hose. Our cheaper grades will be found to be all that we claim for them.

CONDUCTING HOSE, TWO PLY.

1¼ " " . . .	1.30	3 " " . . .	3.50
1⅜ " " . . .	1.56		

Discount.

Reasons why the "Cowen" Steam Hose is superior to any other steam hose in the market:

It takes the place of a seven ply, marline wound, extra heavy Steam Hose, and costs 20 per cent. less.

It depends for its strength to resist a bursting pressure upon the cotton jackets, which are woven with heavy filling threads, running spirally the whole length of the Hose. Thus it gets as great strength as marline wound rubber hose at less cost. The strength of rubber hose depends upon the sticking power of the rubber between the different layers of duck, and after steam has run through it a short time, the rubber between the plies begins to soften and soon gives way; then the hose swells or blisters and soon bursts. The "Cowen" Hose cannot burst from this cause.

The "Cowen" Hose has a lining which is cured just enough to stick to the fabric strongly and is thoroughly cured by the passing of the steam *when in use;* it thus has a much longer life than the ordinary steam hose, for when it gets cured to the point where the rubber hose is before being used, it will then have lasted as long as the ordinary rubber steam hose.

It is impossible to put such a tube into rubber hose, for you must cure the tube and the friction between the duck at the same time, and if the tube is under-cured, the friction will be also, and so will have no strength whatever.

COTTON, RUBBER LINED FIRE HOSE.

Our Fire Hose has stood the Best Tests, Weight for Weight, of any Brand made.

We make the brands mentioned below, out of which one can pick a Hose exactly suited to his department.

Intermediate widths at proportionate prices. *Seven* and *Eight Ply* belts made at an *advance* of *seventy-five* and *one hundred per cent.* respectively, on *Four Ply* prices. Regular or *full rolls contain* 300 to 350 *feet,* but we cut to order any length required.

Endless belts made to order, on which there will be three extra feet charged for the splice.

"GET THE BEST."

For Belting, Hose, Harness, Boots, &c.

This Dressing has been used by us for many years, and is now offered to users of leather goods with confidence that it will meet the demand for a really good article. For belting it possesses qualities which render it pliable, thereby causing a greater adhesion to the pulleys; so that belts need not be run so tight. This saves unnecessary strain and wear of belts, and reduces the friction in the bearings, ensuring economy of power. *It makes the leather water proof, and preserves it.* It leaves the surface clear, and does not form a coating, which will surely cause leather to rot.

DIRECTIONS FOR USE.

Clean the leather and dampen slightly. Apply the Dressing in moderate quantities with a sponge or cloth. A little at a time, and often, should be the rule.

Put up in 5, 10, 20, and 25 pound tin pails, also in half barrels and barrels.

Price, per Pound, - - 25 Cents.

PRICE-LIST.

Hercules (domestic hides), cents per foot, net.	Hercules (Calcutta hides), cents per foot, net.

HERCULES CUT LACES.

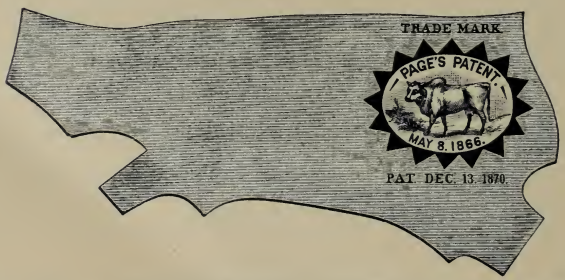
For prices, see our discount sheet, which we furnish on application.

"PATNA BRAND,"—The Standard Lace Leather.



We Claim,—1. A tanned Lacing different from that made by any other party, for no other party has the same methods and machinery. 2. A better article than is made by any other manufacturer. We defy competition in this particular.

These goods are distinguished for,—1. *Very plump shoulders and flanks.* 2. *Mellowness* on the usually hard parts. 3. *Great strength.* 4. *A beautiful and even color.* 5. *A fine finish.* * We take great pains in *the selection* of the Lacing that we send out as

No. 1 stock,—first, procuring only the very choicest hides that can be obtained, regardless of cost, and then throwing out a large per cent. of the poorer sides. Sold by the square foot at a net price.

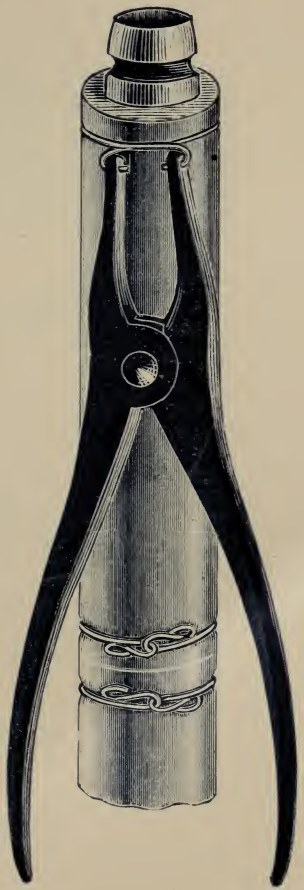
THE HUDSON HOSE STRAP.

The Cheapest, Simplest

—AND—

BEST IN USE.

(PATENT APPLIED FOR.)



To apply this strap place the ends of the hooks in the holes of the plyer and pull the the band as tight as possible. Then turn the plyer half round, release the band and pound down the ends as illustrated in the cut.

PRICE LIST.

½ inch, ... 40 cents per dozen.
¾ inch, ... 60 cents per dozen.
1 inch, ... 80 cents per dozen.
Hose Strap Fasteners 50 cents each.

To go with these bands we also sell the **Hudson Hose Mender**, which is the best Hose Mender yet put on the Market as the band will press into the grooves of the mender and thus make it hold stronger than is possible in any other way of mending hose. We put up these articles in boxes containing 1 plyer, 8 thimbles and 16 wires. Price per set, $1.00.

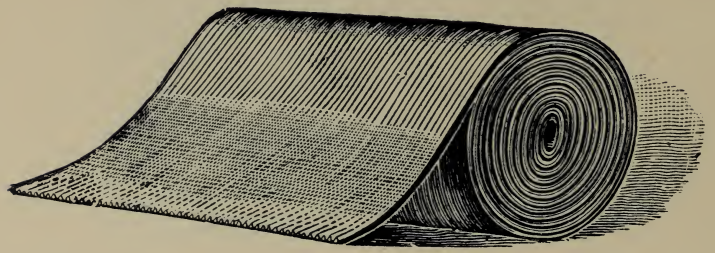
CORRUGATED
RUBBER MATTING.



Made in Rolls one yard wide and about thirty yards long, and cut to order in any size or shape desired.

PRICE, PER POUND. 40 CENTS.

$\frac{3}{32}$	inch thick,	weight,	7½	pounds	per	square yard.
$\frac{1}{8}$	"	"	10	"	"	"
$\frac{3}{16}$	"	"	15	"	"	"
$\frac{1}{4}$	"	"	19	"	"	"

This Matting is extensively used in all the principal hotels and public buildings throughout the country, both for the *protection* of *stairs* and *carpets* indoors, and for the *covering* of *stoops* outdoors.

It prevents *accidents* by slipping in *winter weather*, and for use in places exposed to *wet or slush* is *unrivalled*. Its *wearing qualities* are such that, under *ordinary circumstances*, it is almost *indestructible*.

NO HOTEL SHOULD BE WITHOUT IT.

CORRUGATED STAIR PLATES CUT TO ORDER OF ANY SIZE DESIRED.
